DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-30, drawn to adhesive compositions comprising at least one polyol terminated with at least one polyisocyanate, classified in class 424, subclass 78.17.
 - II. Claims 31-39, drawn to methods for covalent bond of tissue comprising applying to a tissue an adhesive consisting of at least one NCO-terminated branched polymer, classified in class 424, subclass 422.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case, the process for using the product as claimed in Group II, namely tissue bonding, can be achieved using polyurethane polymers, which have adhesive properties. The compositions claimed in Group I can be used, on the other hand, as polymeric foams.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 1615

4. A telephone call was made to Attorney Donald Halgren on August 11, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Liliana Di Nola-Baron whose telephone number is 703-308-8318. The examiner can normally be reached on Monday through Thursday, 5:30AM-4:00PM.
